Scope of Work

Products

- Entrepreneurship & Venturing course
- it is a practical & theoretical program run by us Vasitva Academy/ Vasitva Technologys

Services

1. Market Research and Analysis

We can help you identify your target market, understand their needs and preferences, and analyze the competition. This will enable you to develop a product or service that meets the market demand and stands out from competitors.

2. Business Planning and Strategy

We can assist you in creating a comprehensive business plan, which includes defining your mission, setting goals and objectives, outlining your operations and management structure, and devising a marketing and sales strategy. This will provide you with a roadmap for success and help you secure funding and support from investors.

3. Financing and Funding Options

We can help you explore financing and funding options, such as loans, grants, crowdfunding, and angel investors. We can also advise you on how to pitch your idea and create a compelling business plan to attract investors and secure funding.

4. Marketing and Sales

We can help you develop a marketing and sales plan, which includes creating a brand identity, designing a website, developing a social media strategy, and implementing a sales funnel. This will help you reach your target market, generate leads, and convert them into paying customers.

5. Operations and Management

We can provide you with operational support, such as setting up a legal structure, managing finances, hiring and training employees, and developing policies and procedures. This will ensure that your business runs smoothly and efficiently.

If you're ready to launch your idea with our help, please let us know. We'll work with you to create a customized solution that fits your needs and budget.
